SCUTUM DIGITAL

PRODUCT SPEC SHEET

MODEL SD-AL2000

MOBILE SECURITY TOWER

Solar-powered surveillance with live, 24/7 human + AI monitoring. We don't just record incidents. We stop them.

TMA FIVE DIAMOND | UL LISTED CENTRAL STATION | TRU COMPLIANT | PROTECTING SITES SINCE 1981

HOW IT WORKS

1. **AI detects** people and vehicles on site
2. **A live operator verifies** the event instantly
3. **Live talk-down** warning through the tower speaker
4. **Guards or police dispatched** when needed
5. **Full incident report** delivered to your team

BUILT FOR

- Construction & development sites
- Solar & infrastructure builds
- Multifamily, retail & CRE properties
- Parking lots & vacant properties
- Events & temporary sites

TECHNICAL SPECIFICATIONS

MAST	**22 ft crank-up mast**
POWER	**1,100W solar power**
BATTERIES	**800Ah battery array**
VIDEO	**(4) 4K turret cameras, NDAA compliant** Optional PTZ cameras
COVERAGE	**360° HD view**
DETERRENCE	**Speaker and blue strobe**
CONNECTIVITY	**5G cellular / Starlink**

FULLY SELF-CONTAINED

No trenching, no wiring, no power hookup. The tower runs off-grid on solar and battery and reports over cellular or satellite, so it works on raw ground from day one.

THE SERVICE

- ✓ 24/7 or scheduled live monitoring
- ✓ Monthly service, no upfront cost
- ✓ Dedicated specialists, not a call center
- ✓ Operational within days, nationwide
